

# CENTRAL ENERGY TRUST WILDBASE RECOVERY EDUCATION PROGRAMME

CENTRAL  
ENERGY TRUST

WILDBASE

RECOVERY

WITH MASSEY UNIVERSITY  
AND PALMERSTON NORTH  
CITY COUNCIL

**AGE:** Preschool to Highschool

**TIME:** Monday to Friday, between 9am to 12:30pm.

One to two hours, timed to suit age and needs.

**GROUP SIZE:** 5 to 25 students

Science in the New Zealand Curriculum is a key learning area of our programmes. Other curriculum links can be found in Social Science, English, Mathematics, Technology, te reo Māori.

## Nature of Science

- Understanding about Science
- Investigating in Science
- Communicating in Science
- Participating and Contributing

## Living World

- Ecology
- Evolution

## DELIVERY TYPES

A **Core Visit** is a standard visit to our centre. It includes a tour of the centre. Patient stories including their diagnosis, treatment and recovery journey. Time to explore the Powerco Education Centre and get hands-on with conservation focused activities.

**Big Picture Programme** has three parts;

1. Visit to Schools: In school we set the scene for what we do and how we fit within wider conservation in New Zealand;
2. Centre Visit: Students explore our centre, delving into our core visit. Students gain a deep appreciation for conservation.
3. Follow-up Visit: Time in school where students share their learning or tangible outcomes.

This visit type is focused towards primary and intermediate schools.

- The centre is fully bilingual in English and te reo Māori.
- While we have limited numbers in the centre, groups of children can rotate through the centre and the other activities in the Esplanade.
- Our website has useful resources, check out the Learn and Teach section which includes a comprehensive Education Programme Booklet and Visit Resource.
- We are FREE to visit but a koha (donation) is greatly appreciated.
